

Brand-Rex Copper Connectivity - 10GPlus
Augmented Category 6 Modular Panel

PRODUCT DESCRIPTION

The Brand-Rex Augmented Category 6 Snap-In-Jack panel is part of the Brand-Rex 10GPlus cabling system. The 10GPlus cabling system is comprised of high performance cables and connectivity which not only provide a reliable platform for all of today's network applications, but are also designed to future proof networks for the emerging, new, higher speed protocols of tomorrow, such as 10GBASE-T. The 10GPlus system is classified as an Augmented Category 6 and Class EA product set that is fully backwards compatible to Category 6 (Class E) and Category 5e (Class D) products.

Packaging

- Panel and cable manager pre-assembled and individually packaged in a cardboard box

Installation

- Suitable for all Brand-Rex approved shielded & unshielded jacks
- Keystone style connection interface

Mechanical Specifications

Dimensions

- 483.0mm x 44.5mm (1U) x 133.2mm (w×h×d)

Material Data

- Panel and cable manager manufactured from high quality 1.5mm powder coated steel

Product Part Numbering
