

Brand-Rex Copper Connectivity - VOICE Unshielded Panels

PRODUCT DESCRIPTION:

The 19" rack mounted patch panel is available in 25 and 50 port versions, both have a slimline 1U footprint suitable for compact installations maximising rack space. These panels are supplied with cable ties, earth lead, cable manager, mounting bolts and short form instructions.

The rear of the panel offers a choice of between 60 and 150 voice pairs to suit a variety of PBX (Private Branch eXchange) systems and direct line connections.

This offers maximum flexibility for connection to both future and existing PBX installations.
